Magnum Welders Pty Ltd are the Professionals in welders and plasma cutters. We specialise *ONLY* in Magnum welders and plasma cutters and source the most reliable and best quality available.

Magnum Tig200P AC/DC Pulse Tig/Arc/Aluminium 200amp welder

This unit is made for Magnum Welders and is comparable in performance and quality to any European welder. It has Double Square Wave Inverter Technology Toshiba Mosfets are used to improve power efficiency and produce a pure square wave which results in straight arc and a total power exchange rate of over 85% stable arc and beautiful welding surface for super smooth operation.

**** FULL 200AMPS ON TIG AND ARC ****

Features:

This is the latest revision for Magnum Welders: greater stability, reliability and durability. DC function enables welding of mild steel, stainless steel, cooper, chrome moly and non-ferrous metal materials, while AC function enables welding aluminium & aluminium alloy materials. Tough & Durable, strong metal constructed casing with *rolled corners for added strength* and two sturdy lifting handles. Digital LCD display to show your current output precisely. Immediate starting due to its high open voltage. Generator safe & suitable for onsite work. Built-In Thermal & Overload Protection. 2T/4T exchange function
2 High speed cooling fan for long duty operation.

#1

What you get: #1

- Magnum 200amp AC/DC Pulse Tig/Arc/Aluminium Welder
- Flexi head Tig torch with *Amp control* handle 4m lead
- **EXTRA** Euro style WP26 Flexi head Tig torch 4m lead
- Electrode holder with 3m welding cable
- Earth clamp with 3m cable
- Tig accessories-gas shield cups, collets, short & long back
- Australian Standard 15A Power Plug fitted

What you get: #2

- Magnum 200amp AC/DC Pulse Tig/Arc/Aluminium Welder
- Euro style WP26 Flexi head Tig torch 4m lead
- Electrode holder with 3m welding cable
- Earth clamp with 3m cable
- Foot Control (Valued \$120)
- Tig accessories-gas shield cups, collets, short & long back
- Australian Standard 15A Power Plug fitted

#2

Specifications

Rated Input Voltage - (V) 220±10%
Rated Input Current - 15amp
Rated Input Capacity - 6kva
Pulse Frequency - 0.5-300hz
Clean Width - 20-80
Down Slope - 0-10 seconds
Peak Current - 2-200Amps
Basic Current - 10-90%
Pre-Gas Flow - 0-1 second
Post Flow - 1-10 seconds
Arc Force Setting - 0-50A
Pulse Duty - 10-90%
Rated Load Voltage - (V) 18
Output Current - 20-200amps
Rated Duty Cycle - 60%@200amps, 100%@154amps
Weight - 25kgs
Welder Dimensions - 493x330x320mm

Extras:

- Argon Regulator with vertical bottle fitting \$70
- Regulator Angle Adapter \$40
- Tungsten Tips Thoriated Pkt 10 \$40
- Tungsten Tips Zirconiated Pkt 10 \$40
- Trafimet Amp Control Torch 8m lead \$325
- Foot Control (extra) RRP \$120 \$50

Tig200P ACDC with Trafimet Amp Control Torch **\$1,250**
Tig200P ACDC with Foot Control **\$1,150**

Freight is calculated by your post code, please email or ring for a quote. Freight insurance is \$50
Comes with 2 year warranty, parts & labour
