Magnum Welders Pty Ltd are the Professionals in Welders and Plasma Cutters.

We specialise ONLY in welders and plasma cutters and source the most reliable and best quality available.

Magnum Welders Mig200/Arc/DC Tig 200amp Gas & Gasless Welder

Ideal for farmers, the home, workshop or trades people and is especially suited for car restoration and panel beating where fine Mig & Tig welding is required on panel steel.

This Professional 200Amp IGBT inverter Mig/Arc/Tig welder is comparable in performance and quality to any European welder. Being the latest 4in1 Multifunction Mig, Tig, Arc welder with gas and gasless capabilities it is lightweight, portable and generator safe. It runs gassed or gasless wire in Mig mode and is capable of Arc and Scratch Tig welding. It will weld from 0.8mm to 12mm mild steel plate and above with ease. It will also weld Aluminium & Stainless Steel in Mig mode. Has no problems welding heavy or light gauge steel. Easy to start and runs a very smooth uniform weld with very little spatter.

Features include:

- Low amps for panel steel
- Turbo fan cooled
- Accommodates 5kg/200mm wire rolls
- Heavy duty wire feed with manual adjustment control
- Mig mode welds mild steel, aluminium and stainless steel
- Arc welds mild steel, stainless steel and cast iron
- Tig welds mild steel, stainless steel, titanium, copper and chrome moly

What you get:

- Magnum Mig200 - Mig/Tig/Arc gas/gasless welder
- Binzel 15 series Mig torch with 4m lead
- Electrode holder
- Earth lead and clamp
- Gas hose
- 0.8 - 1.0mm 'V' wire roller fitted
- 0.6-0.8mm 'V' Roller
- 0.9-1.2mm 'U' Roller for Aluminium
- 0.9-1.2mm Knurled Roller for Gasless wire
- Spare Mig Torch Nozzles (6)
- Instruction manual

Specifications:

Frequency input power voltage (v/hz)	Ac220 +/-15% 50/60
Rate input power capacity	6kva
Input current	15amp
Rated output current	200amp
Rated output voltage	24v
Output current range	Mig 25-200amps Arc 10-160amps Tig 25-160amps
Duty cycle	60%@200Amps, 100%@154Amps
Output voltage range	11-26v
Power factor	0.85
Insulation class	F
Protection class of case	ip21s
Feeding speed (metres/min)	1.5-14
Diameter of coil	200mm
Diameter of wire	0.6, 0.8, 0.9, 1.2mm
Weight	18kg
Overall welder dimension	480x230x360mm

Extras:

Regulator	\$70
Teflon Liner	\$30
Regulator Angle Adapter	\$40
Tig torch - Series 17	\$90
Thoriated Tungsten Tips Pkt 10	\$40

Retail Price \$900 + Freight.
Freight is calculated by your post code,
please email or ring for a quote.
Freight insurance is optional for \$24

Comes with 2 year warranty &
*14 day money back guarantee
*conditions apply
