Magnum Welders Pty Ltd are the Professionals in Welders and Plasma Cutters.

We specialise ONLY in welders and plasma cutters and source the most reliable and best quality available.

Magnum Dual Air Cut40D IGBT Pilot Arc Inverter Plasma Cutter 40amp

This is a powerful single phase DUAL AIR plasma cutter and Generator safe 6.1kva.

Wide range of applications including sheet metal contractors and fabricators, plumbing, site work, automotive, ducting work, farm maintenance and metal artwork industries.

This Plasma Cutter has a built in compressor for those jobs away from the workshop. It is lightweight, portable and generator safe it is capable of cutting up to 16mm mild steel plate with the internal air and 20mm with an external air supply. Energy saving and stable machine. This machine is a plasma cutter only, no more need for those expensive oxy bottles. A great companion for Tig, Mig and Arc welders

Features:

- Operates on internal compressor or external air
- This machine has Pilot Arc start
- Cuts through rusty metal and painted surfaces
- Huge duty cycle 60%@40amps, 100%@31amps
- Sturdy lifting handle
